

Dr. Oliver Portugall finally arrived in Japan, and gave a talk in the 1000-T workshop the other day

Dr. Oliver Portugall has finally arrived in Japan on May 9th as a foreign visiting professor from France. It was delayed for 8 months. The initially planned arrival date was September 1st.

Oliver gave us a talk on his research in the ISSP workshop (Development of 1000-T Science) held the other day June 10th and 11th. https://ymatsuda.issp.u-tokyo.ac.jp/workshop/2022_1000T/workshop2022_1000T.html
