

# Ms. Shiyue Pen has presented her Master thesis

On July 29 (Fri), Ms. Shiyue Peng had the final defense of her Master Thesis entitled “ The superconducting-normal transition of high- $T_C$  cuprate superconductors in ultrahigh magnetic fields “. The experiments were made in fields of up to 120 T. She will extend the fields up to higher than 300 T in the research for the Ph.D.

The setup for the RF measurement
