

collaboration with T. Osada, H. Oike, S. Fukuoka

- with T. Osada (Univ. of Tokyo)
RF reflection-type impedance measurement @ vertical single-turn coil
- with H. Oike (NIMS)
development of quench technique under 100 T @ vertical single-turn coil
- with S. Fukuoka (Hokkaido Univ.)
magnetotransmission spectra measurement @ horizontal single-turn coil

a lot of collaborations !

equipment
