

Invited Talks at International Conferences

tokunaga_202609_en

Kinoshita gave invited talks at the following international conferences:

Aug. 17–23: SISM 2026, Samarkand, Uzbekistan

Aug. 23–27: SPIE Optics + Photonics, San Diego, USA

In addition, our work on magneto-optical imaging under high magnetic fields exceeding 20 T has been published.

[High-field magneto-optical imaging of superconducting critical states in REBCO tapes beyond 20 T - IOPscience](#)
